**Vision Questions Summary**

<b>Vision Question</b>	<b>Community Answers</b>
What do you like about the current vision?	<ol style="list-style-type: none"> <li>1. It's a good vision – ahead of its time for 1996. Balance is key in life.</li> <li>2. In all honesty, I would like to review it before continuing. I appreciate the public being asked their opinion. All three points have merit.</li> <li>3. Balance of economy, social and environment.</li> <li>4. Good vision, forward thinking.</li> </ol>
What would you like to change?	<ol style="list-style-type: none"> <li>1. A place where emphasis is placed on making</li> <li>2. Needs a reference to energy conservation and efficiency. Needs a reference to the need to reduce fossil fuels use and replace with renewable energy sources. Needs a reference to transportation needs.</li> <li>3. A vision is only as good as the vision that is implemented, rather than changing the vision, acquire tools, partnerships, and incentives to implement the Town's vision.</li> <li>4. In theory I would change nothing at this time – more rural landscape.</li> <li>5. Increased emphasis on environment</li> <li>6. The protection of natural resources/environment should become more important with changes today. Priority ecosystem approach.</li> </ol>
What do you think is missing and would like to add to the vision?	<ol style="list-style-type: none"> <li>1. A place where emphasis is placed on making it possible for people to live in a low income/low energy environment. Recreational facilities have to be within walking distance of residential areas.</li> <li>2. Partnership with not just people but organizations, builders, developers and investors. Protect natural features that need to be protected and “develop” natural features that should be accessible to enjoy.</li> <li>3. Increased public transit.</li> <li>4. Access to amenities. Environment as an ecosystem approach rather than a backdrop for community and economy. Protection and preservation of built heritage and cultural.</li> <li>5. Increased protection of natural environment; increased emphasis on green industries, green residential building, public transit; emphasis on sustainable development. No Courtice “identity”.</li> </ol>
